

SMOKE AND MIRRORS VI

COMP134-08B GROUP PRESENTATIONS

Friday 24th October, 3:00-5:00pm

S-block, S.1.04

For the last two months our 1st Year Software Engineering students have been working away—often to the wee small hours of the morning—on their group projects. On Friday, starting at 3pm, they will present their work and demo the software developed. The projects this year are:

- Marble Track
- Where in the World?
- Imagine Cup
- Augmenting Reality
- Musical Moments
- Etch-a-sketcher meets Sesame Street

If you want to learn more, you know the time and place.

Light refreshments provided!
